Dear WCEE2024 Attendees,

As the conference approaches, we thank the Technical Session Convenors for finalising the [presentations schedule](#). Now, in order to streamline the process and avoid congestion at the Slides Centre, we strongly urge all authors to upload their presentations via our newly launched [online platform](#). With nearly 4000 presentations scheduled, early uploading is essential.

30TH JUNE - 5TH JULY 2024 PLATFORM FOR PRESENTATIONS UPLOAD

18TH WORLD CONFERENCE ON EARTHQUAKE ENGINEERING WCEE2024 MILAN

LOGIN

The platform for the presentation file upload will be open until 25 June 2024.
After the deadline, the presentation file must be delivered to the Slides Centre at the Conference venue.

Platform Access Instructions:

Deadline: Uploads must be completed by June 25th, 2024.

Access: Only presenting authors can upload, using the email address registered with the conference.

Password Setup: You must create a password upon first login by clicking on "Forgot password? Click here". For your convenience, it may match your Conference Participant account password but must be re-entered due to privacy regulations.

Presentation Formats:

Stage Presentations: Delivered in a room to seated attendees.

Monitor Presentations: Presented in the 'virtual walkway' to standing attendees

We encourage using multiple-slide presentations for both formats to facilitate detailed discussions.

Presentation Template:

While we provide a simple optional template for convenience (available at this [page](#)), you are welcome to use your organisation's template, provided it follows the 16:9 format.

Technical Check for Videos/Animations:

If your presentation includes videos or animations, please visit the Slides Centre during the conference to ensure compatibility with our systems. Note: Personal laptops cannot be used for Plenary or Technical Session presentations.

Thank you for your cooperation and proactive participation. We look forward to a successful event.

Best regards,
